Discrepancies observed:

1. Scrutiny of the return under section 61 of the CGST Act, 2017 read with rule 99 of the CGST Rules, 2017 indicates that input tax credit of Rs. 38,904.00 availed in Table 4(A)(5) of FORM GSTR-3B for the tax period December 2025 is in excess of the credit auto-populated in FORM GSTR-2B for the said period. You are hereby directed to furnish an explanation for the above discrepancies within thirty days. If the explanation is found acceptable, you will be informed in FORM GST ASMT-12. If no satisfactory explanation is furnished within the period, or if you fail to take corrective action after accepting the discrepancies, proceedings may be initiated under section 73 or section 74 of the Act.
